## 113 MAIN // SCOTT JOHNSON, DJ FREESMEIER

SCOTT JOHNSON

the Urban Studio City are located in the north on the main street corner lot. To maintain the neighborhood's historical character, the facade of the existing building has been incorporated. The structure along the east edge and third adjacent support space create a rhythm of heavy and light, some porous wall into the neighborhood. The northern wing contains retail space as well as live work space for the studio. A courtyard provides a transition space between the three wings.

**A 4096 CUBIC FOOT SPACE, THIS DWELLING IS DESIGNED FOR 1-2 PERSONS, LOCATED AGAINST THE STREET WALL IN A CURRENT VOID ON MAIN STREET, AMES, IOWA.**

It offers, at a minimum: sleeping, food preparation, eating; a stove, a refrigerator, a sink, a shower or bathtub, a toilet; storage. Light and air must arrive from the street wall and the rear wall, not from above or below. The front edge of the unit maintains continuity with the street wall as it is designed to respond to the neighboring two facades.

**DJ FREESMEIER**
